

## RFQ Photovoltaic Solar Systems and Power Purchase Agreement

The Sativa Los Angeles County Water District Summary of Qualifications related to the installation of photovoltaic (PV) solar panels on its facilities. Installed systems would be financed through a power purchase agreement. The District is committed to the Clean Energy.

The District is accepting qualifications for the installation of photovoltaic (PV) solar panels at District owned facilities.

Installed systems would be financed through a power purchase agreement. The contractor will be responsible for securing all necessary permits and approvals for the successful completion of the project in conformance with the State of California Building Code, and will assist with securing approval to interconnect the project with Southern California Edison. The contractor will also be responsible for all maintenance to installed equipment.

Qualifications packages will be evaluated based on technical understanding of the project, proposed implementation, relevant background and experience, and proposed fee.

Firm selected to participate will be required to:

- Provide firm pricing based on a pre-defined term provided by the District
- Meet the District insurance and bonding requirements
- Provide details of the proposed PV installations, including size, locations, roof connection details, and power system information

The District is seeking qualifications for the installation of PV solar panels on its water facilities. Qualified firms must be able to demonstrate experience in turnkey design, and building and maintenance of PV systems on similar buildings in power purchase agreements. Firms will be expected to integrate District assets (roof surfaces and land), the energy consumption needs of district facilities, solar tax credits, and Clean Energy Fund subsidies to create a cost-effective proposal for consideration.

Interested firms shall submit:

Qualification data, including firm background, experience, and construction capabilities by Friday, July 14, 2017 at 12 pm to:

Sativa Los Angeles County Water District  
2015 E. Hatchway St.  
Compton, CA 90222

The deadline may be extended by the General Manager upon request.
